BROADWAY, VIRGINIA

VOLUME X

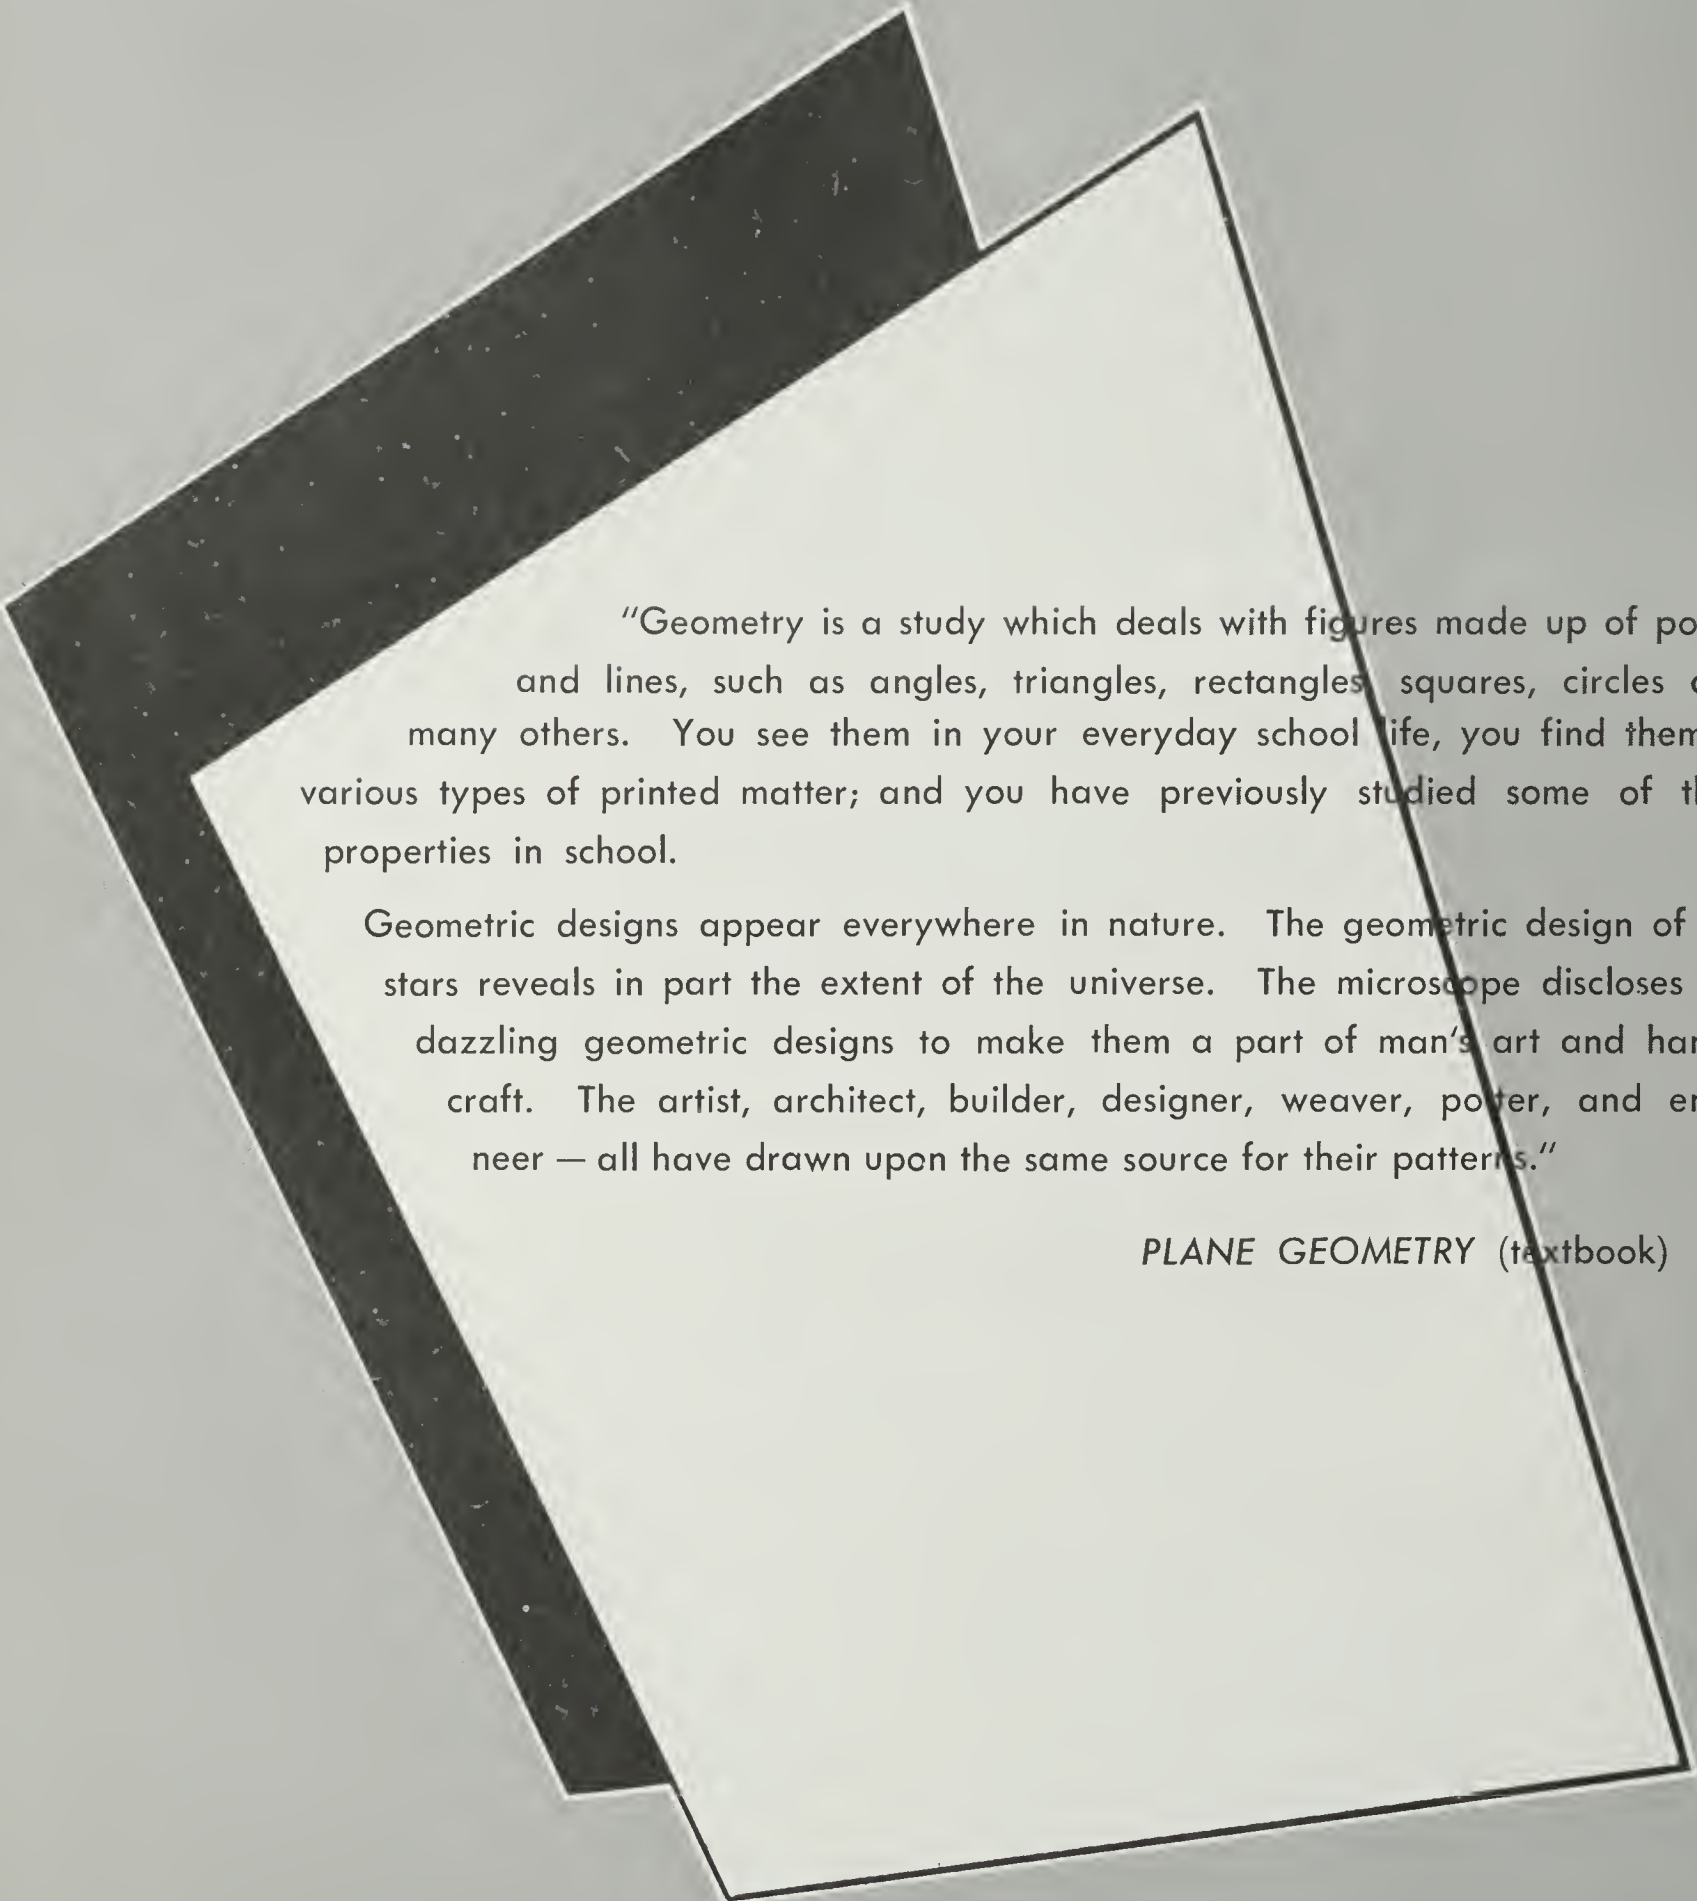

IN A STUDY OF
GEOMETRIC DESIGNS

NELSON L. SHOWALTER
MARLENE RENALDS

Editor-in-Chief
Assistant Editor

THE SCOPE

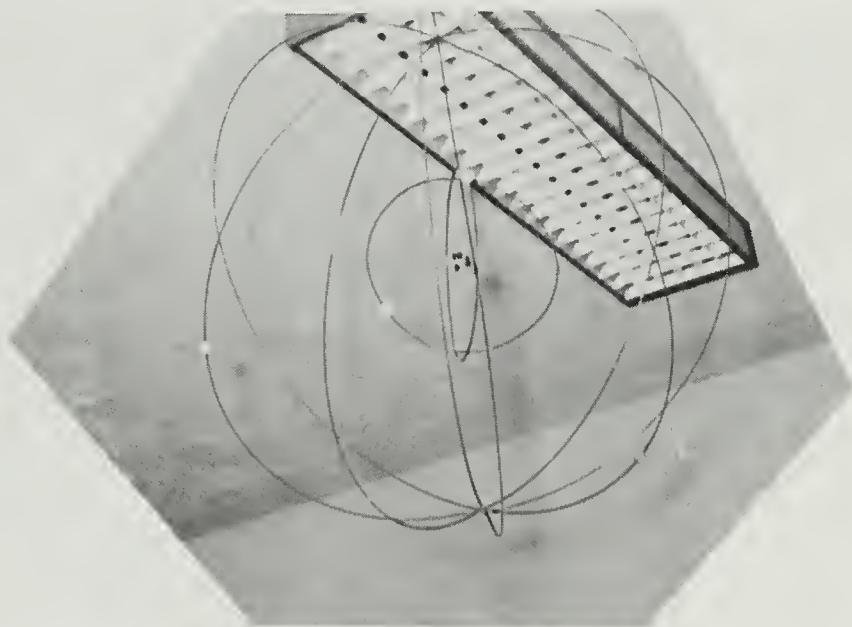

"Geometry is a study which deals with figures made up of points and lines, such as angles, triangles, rectangles, squares, circles and many others. You see them in your everyday school life, you find them in various types of printed matter; and you have previously studied some of their properties in school.

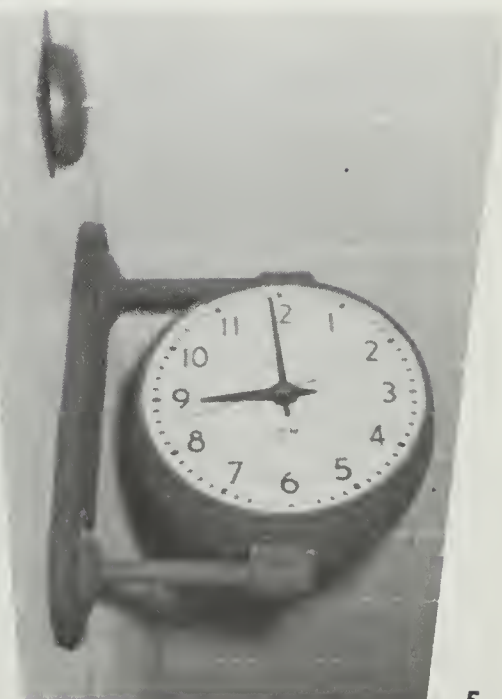

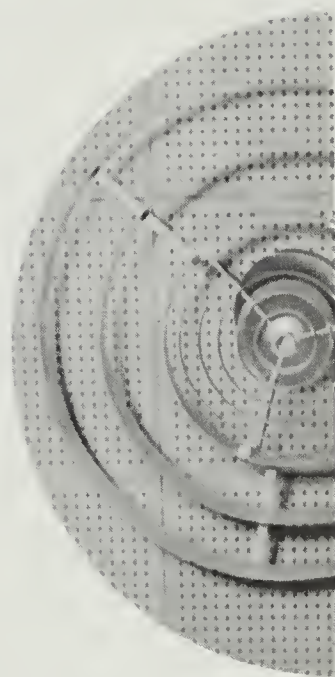

Geometric designs appear everywhere in nature. The geometric design of the stars reveals in part the extent of the universe. The microscope discloses the dazzling geometric designs to make them a part of man's art and handicraft. The artist, architect, builder, designer, weaver, potter, and engineer — all have drawn upon the same source for their patterns."

THE PRINCIPAL'S MESSAGE

MR. J. FRANK HILLYARD

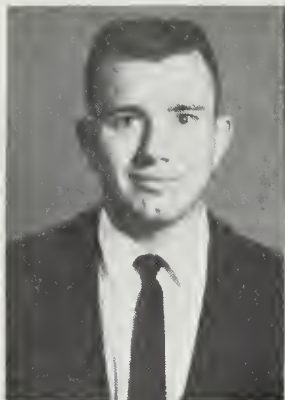

TRUE SUCCESS

True success is earned slowly, and by doing everything we do the very best we can. Any person can make a success in proportion to his capacities, as he is willing to pay the price: first, hard work; and, second, personal sacrifices. People want success but many are unwilling to work for it. Hard work must become a habit before any degree of success can be attained.

There seem to many young people instances of exception to success by hard work. But they are all in the seeming. Things never just happen. There is always a reason for everything if one will only look for it. So with success — it comes only because men work intelligently for it and along legitimate lines.

Mr. Hillyard with Mrs. Hillyard who deserves our gratitude for contributions of which many people are unaware.

UNDERCLASSMEN

Life is not merely a straight line between two points. There are many lines and angles that confront each of us as we proceed through life. The decisions that each of us make at these points of choice mold our lives, each individually, into a special pattern of its own — a pattern that can be considered similar to that of a geometric figure, itself composed of many different parts.

The school newspaper, THE GREEN QUILL, is published six times annually by the members of the Creative English Class. The newspaper staff strives to aid the school by educating the community as to the activities of the school, by publishing the school news, by capitalizing the achievements of the school, and by reflecting the spirit of the school. The newspaper aids in developing right standards of conduct, in promoting understanding of other schools, and in encouraging co-operation between parents and school.

Juniors and Seniors Attend College Night

Broadway High School served as host to the Annual College Day Program on November 29, 1961, at 7:30 p.m. Representatives from thirty-eight schools were present to talk to the seniors and juniors of the four Rockingham County high schools (Broadway, Elkton, Montevideo, and Turner Ashby), and Harrisonburg High School. The evening was divided into three periods of thirty minutes each, giving each senior and junior an opportunity of talking to at least three representatives.

Some of the things discussed were entrance requirements, college boards, college costs, college life, and

Pupils and parents attended.

After the meeting of the students and representatives, refreshments were served in the library. The refreshment table was decorated with an antique red tablecloth. An arrangement of tall green magnolia leaves, gilded boxwood, sage oranges, and enormous leaves formed the centerpiece. An assortment of sandwiches, cookies, and cakes were served with coffee to approximately 120 people.

Students and teachers who helped to serve were Judy Mason, Linda Golladay, Miss Catherine Bowman,

She has been a member of the church choir for two years.

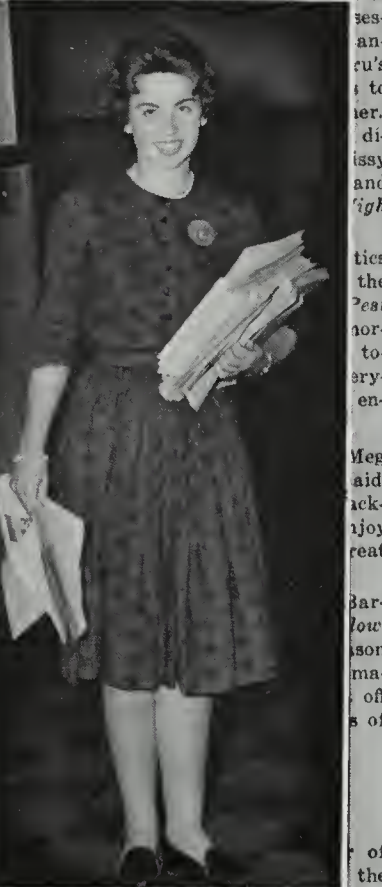

Sandy has also taken part in various school activities such as clubs and contests held. Taking part in the forensic public speaking contest, she won first in the school. She has been a member of the Broadway High School Band for five years but has been under the direction of Mr. Eddie Branner for nine years.

She has been on the girls basketball team for three years, and in the Dramatics Club for two.

FUTURE FARMERS OF AMERICA

OFFICERS

Tommy Stroop, Vice-President; Bruce Burkholder, President; Richard Trumbo, Reporter; Jerry Alger, Secretary; Richard Smith, Sentinel; Donnie Shifflett, Treasurer.

The primary aim of the Future Farmers of America is the development of agricultural leadership, cooperation, and citizenship. Some of the specific purposes are to strengthen the confidence of farm boys and young men in themselves and their work, to encourage members to improve the farm home and its surroundings, and to participate in worthy undertakings for the improvement of agriculture.

SAFETY PATROL

AIMS AND ACCOMPLISHMENTS

The primary aims of the patrol are as follows:

To protect children from automobile accidents while they are on their way to and from school.

To educate children in traffic safety.

To foster qualities of leadership and good citizenship in patrol members.

OATH: "I promise faithfully that, as a member of the Safety Patrol of my school, I will at all times do all in my power to protect members of my school and other child pedestrians when they are crossing at my post, to guide my own conduct toward automobile traffic so as to set a proper example to all other children in my school, and to guard myself from accidents while on duty."

CHORAL GROUPS

MIXED CHORUS

The mixed chorus enables talented students to develop a deeper appreciation of choral music during regular practice. The group presents an operetta, participates in District G music festival, the Spring Concert, and presents sacred music at local churches. The girls' chorus often presents separate selections in three-part harmony.

The MelodyAnnes and Melodaires, two vocal ensembles, are composed of members of the chorus chosen after special tryouts.

STUDIES

LANGUAGE ARTS

FRENCH—

The objective of high school French is to expose the student to the fascinating subject of French culture and folk ways; the history of French civilization; and to art, music and literature. These aims are reached through the use of songs, readings, maps and French current events.

LATIN—

The study of Latin aids pupils in an understanding of word derivation and grammar. Ancient history becomes real and great men become human.

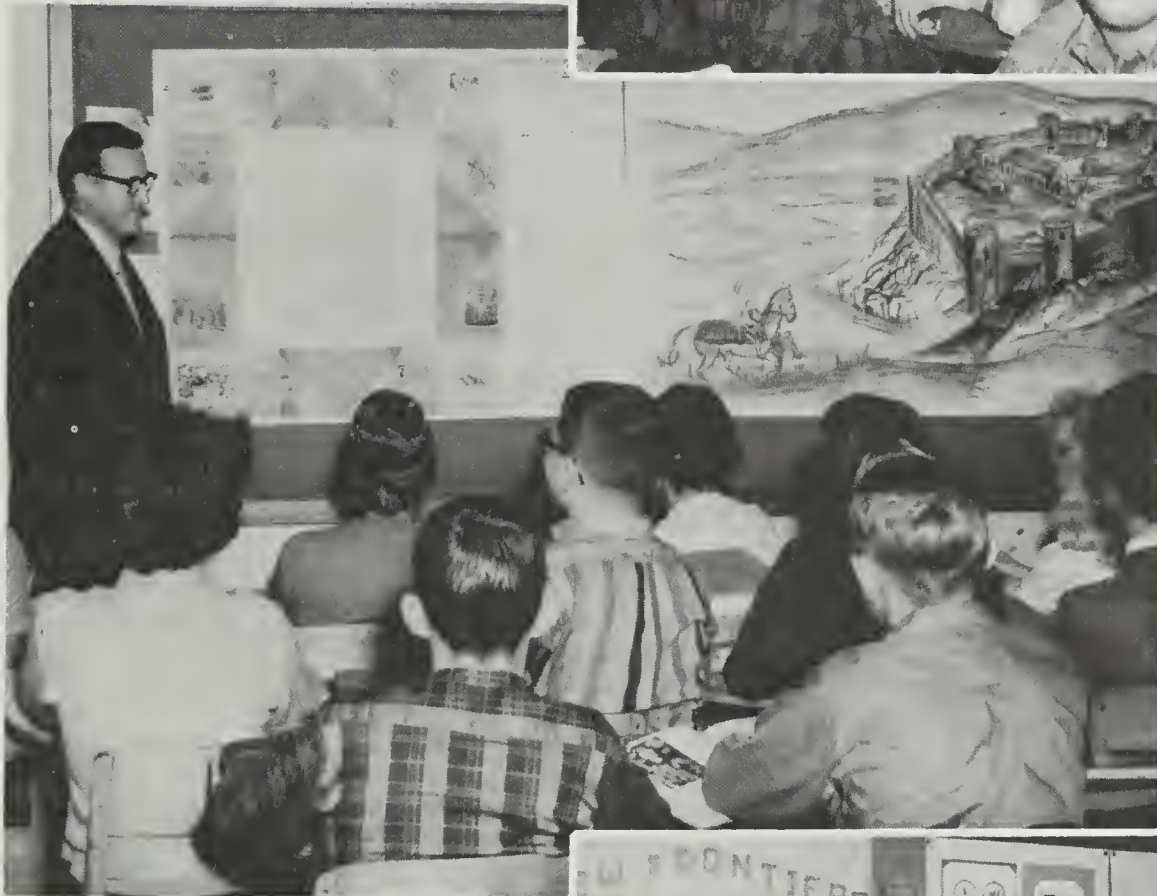

ENGLISH—

Through the study of English, pupils learn to express themselves creatively and correctly. Literature opens doors to reading by enlightening students on authors and their works.

SOCIAL STUDIES

Social Studies enlighten pupils . . .

. . . on the functions and
background of our govern-
ment and heritage . . .

. . . through government, history and civics.

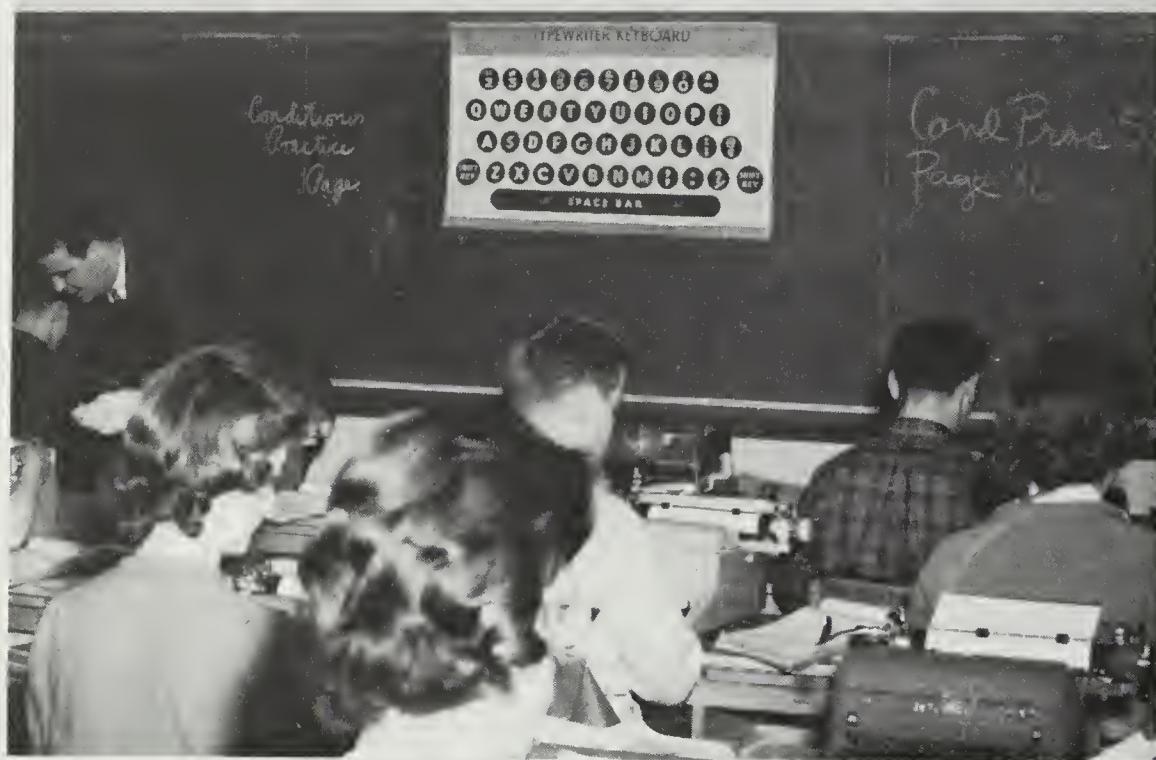

BUSINESS EDUCATION

BUSINESS SUBJECTS

The business education offering enables students to enter skilled occupations without further training.

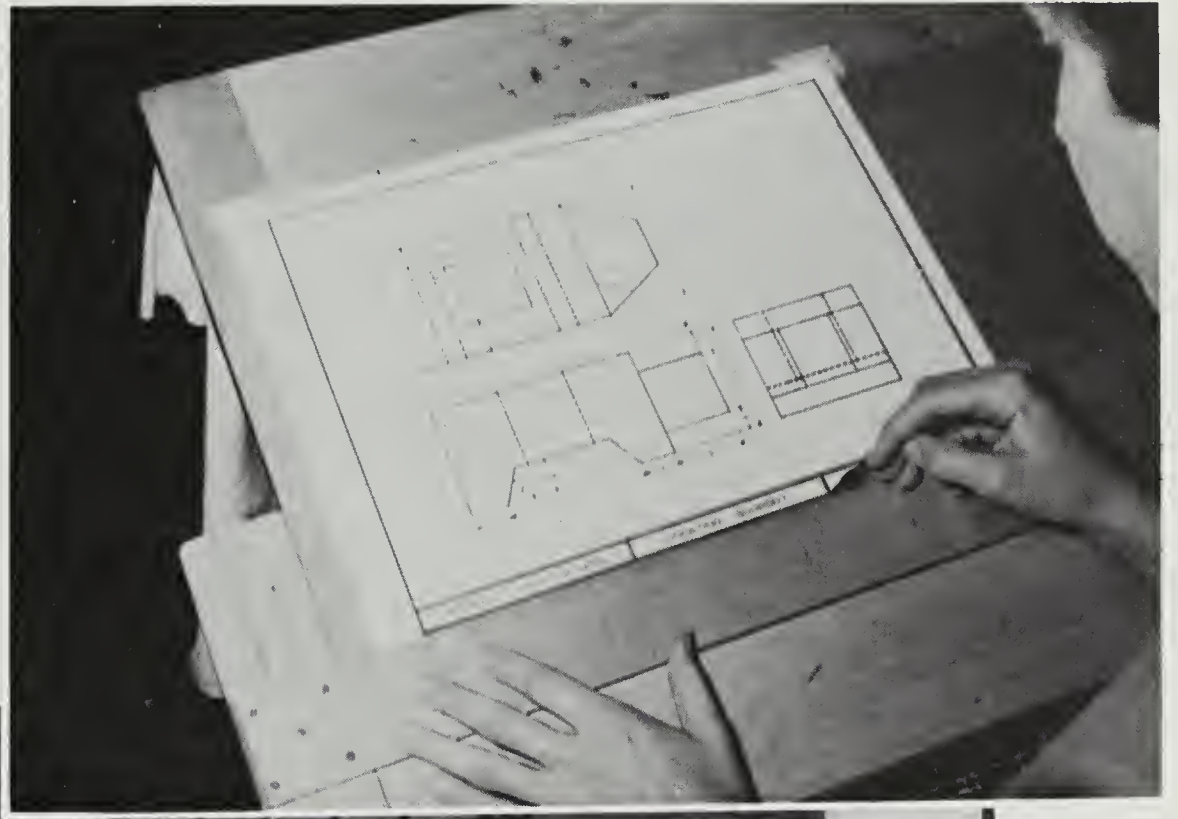

It also provides college aspirants practical experience.

INDUSTRIAL ARTS AND DRAFTING

Drafting and shop courses teach students useful and enjoyable crafts.

Skill and accuracy are developed through precision class work.

PHYSICAL EDUCATION

Physical Education develops students' coordination and provides an outlet for energy. Skill and grace are acquired through team sports and individual exercises and dance.

In the gymnasium
On the field
In health education

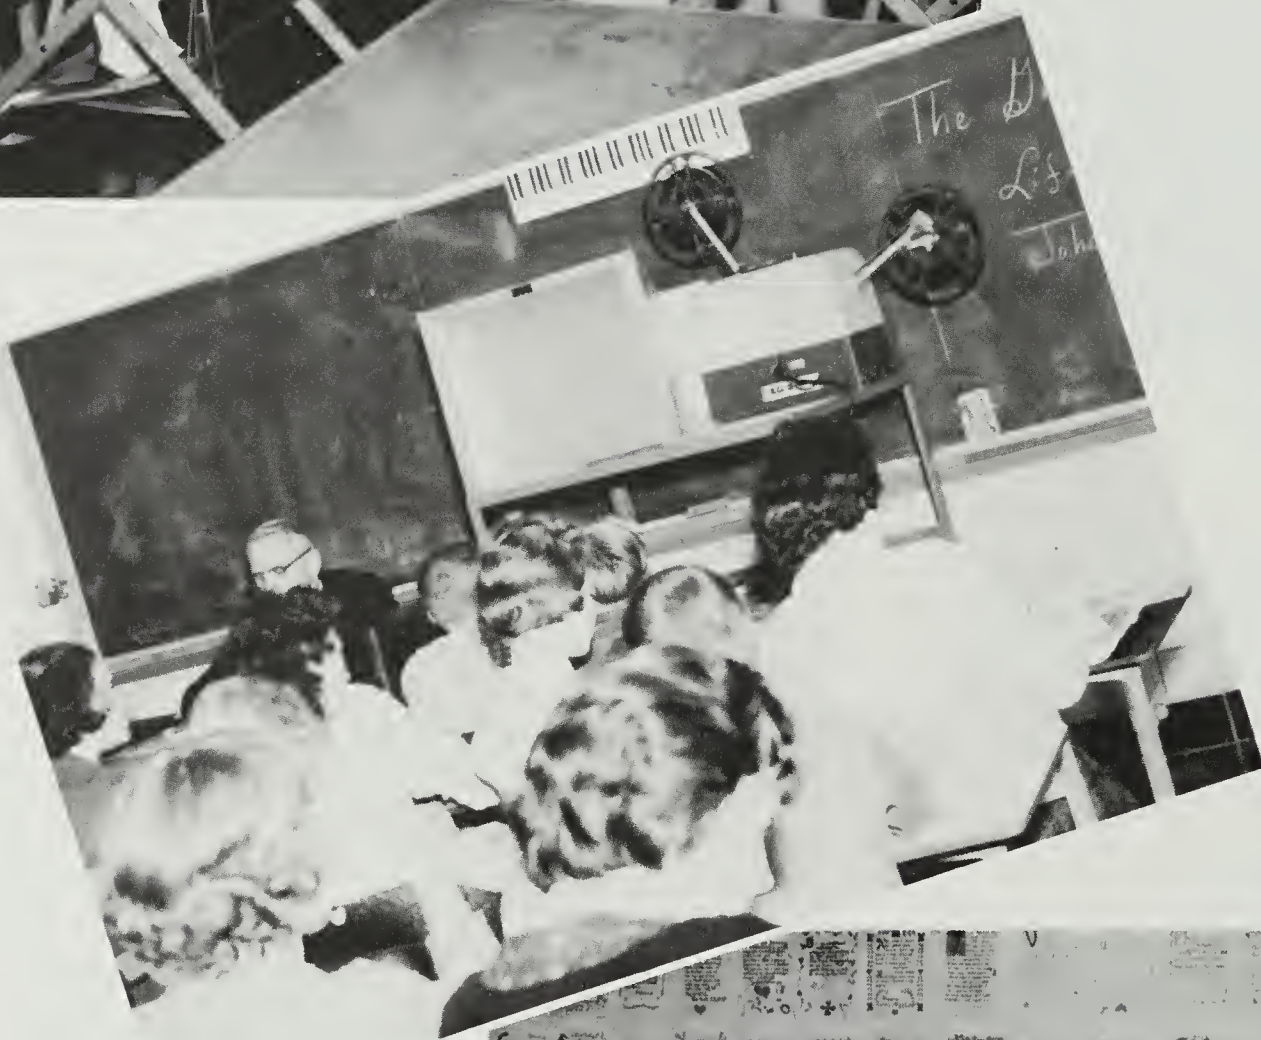

The Advanced Sciences challenge aspiring college students. These interesting courses teach the theory and application of physics, biology and chemistry.

ART AND MUSIC

Students with an artistic flair have an outlet for their abilities in art classes . . .

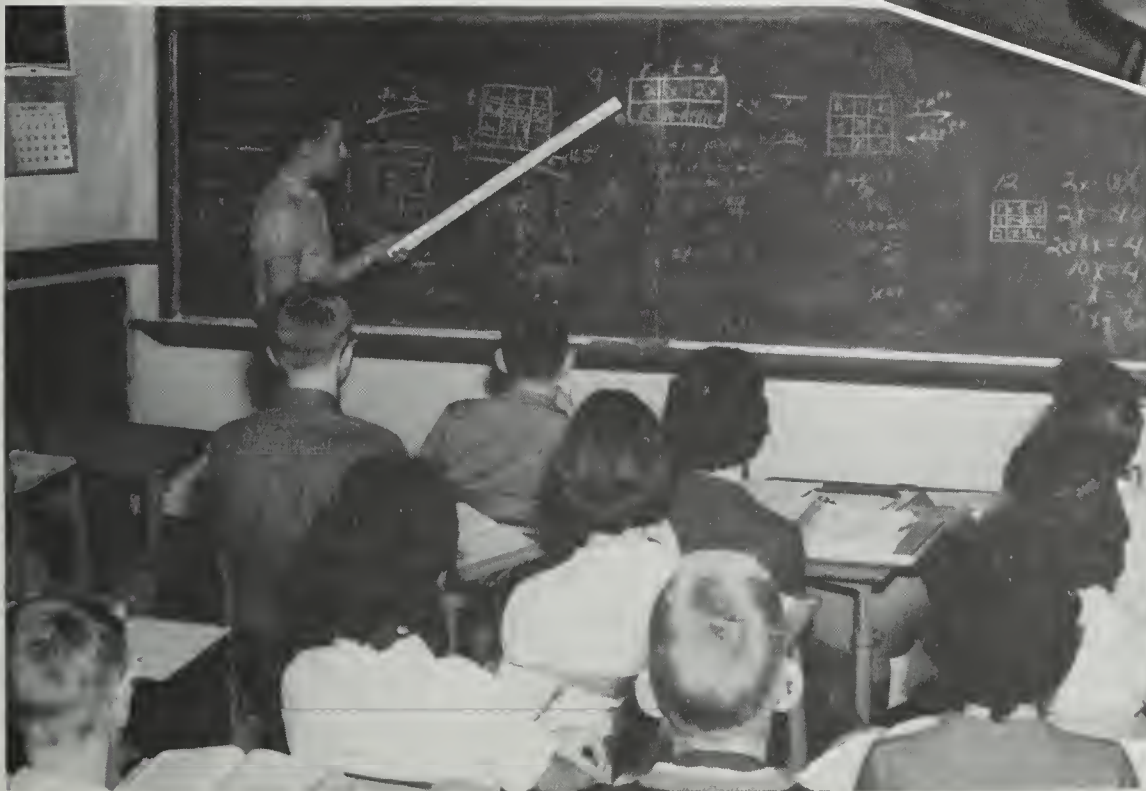

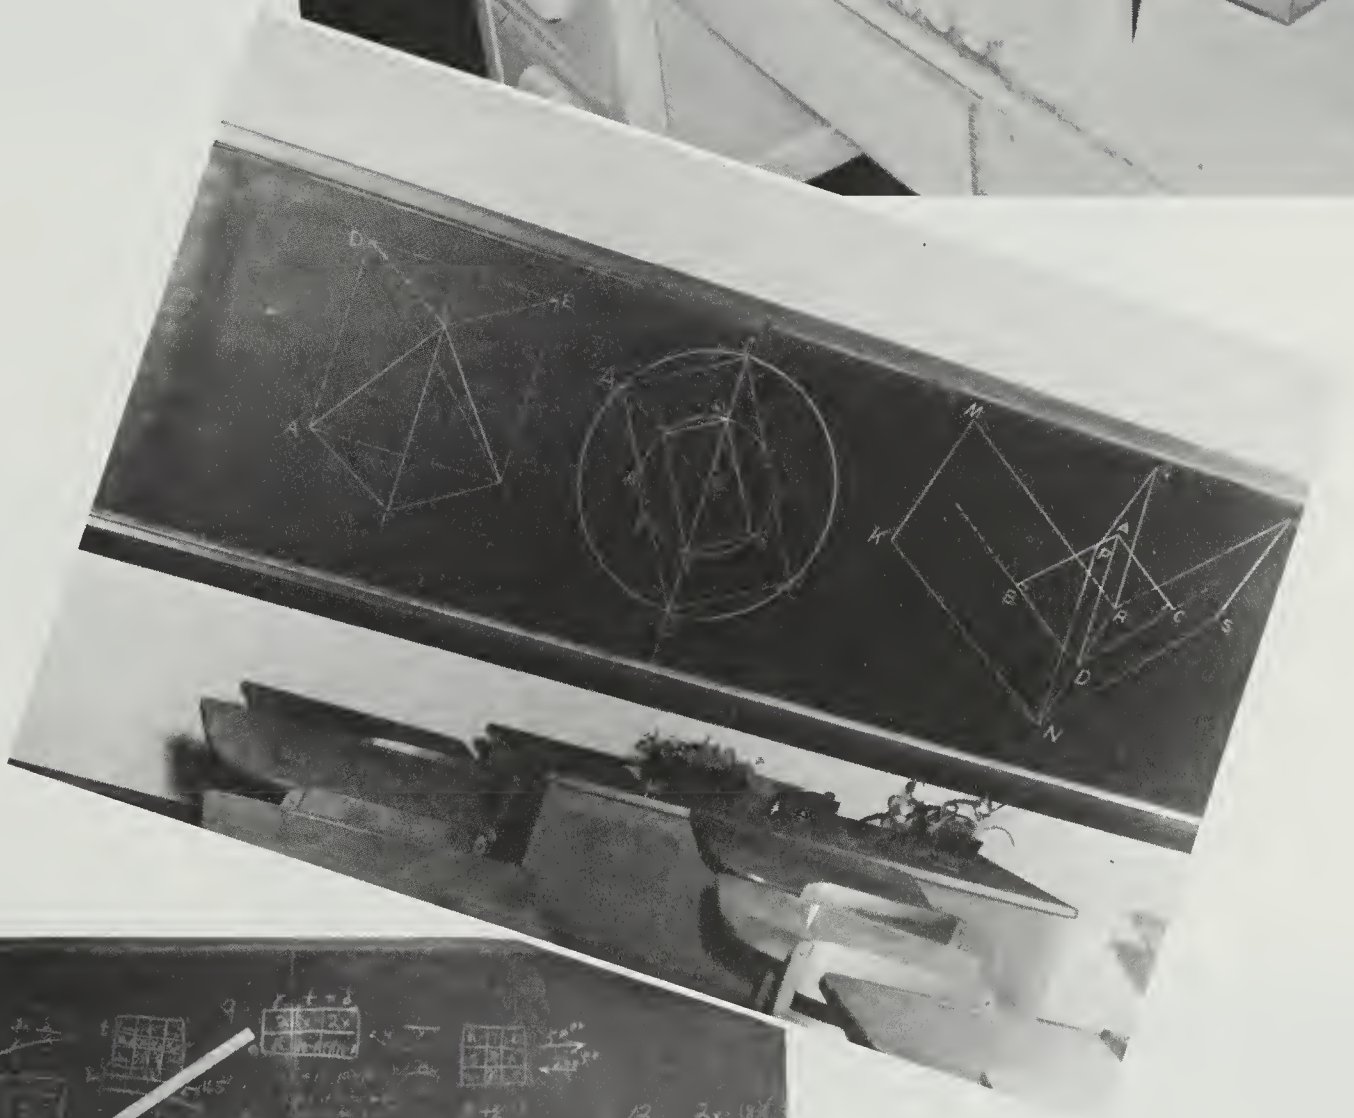

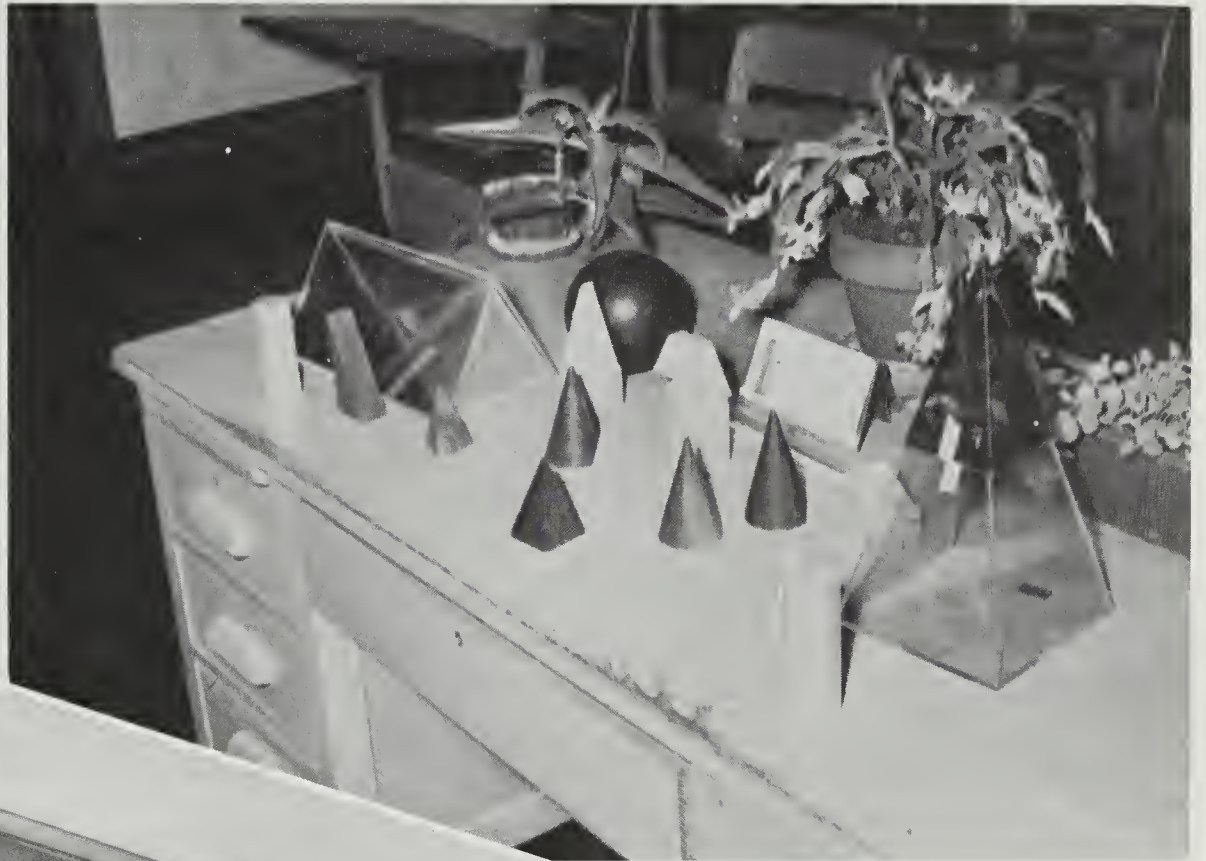

. . . and those who hear "songs in the air" learn to interpret and appreciate music.

MATHEMATICS

Mathematics, an ancient subject, lays the foundation for advanced high school math and college courses.

All school experiences in mathematics will be closely related to future experiences in the world of work.

VOCATIONAL AGRICULTURE

The time and effort spent on the grain show by the agriculture students was greatly appreciated by those who attended and viewed the exhibits.

Vocational Agriculture teaches prospective farmers the "how" and "why" of methods used in modern farming.

HOMEMAKING

Homemaking courses give practical training to all girls who take them.

Future housewives will find the experience and skills acquired invaluable.

DISTRIBUTIVE EDUCATION

Distributive Education grants students on-the-job experience. Classroom work is supplemented by pupils' positions with area retailers.

LIBRARY

The library is the focal point from which extends radii of educational opportunity in each course.

AN INSIDE VIEW AND AN OUTWARD GLANCE

A large, stylized number '7' graphic composed of three nested, slightly offset shapes. The outermost shape is black, the middle one is dark gray, and the innermost one is light gray. The '7' is oriented vertically, with the top of the number pointing towards the top left of the page.

Tryouts for the operetta, "The Forest Prince."

"Mrs. Branner, Creative English or the Football Party?"

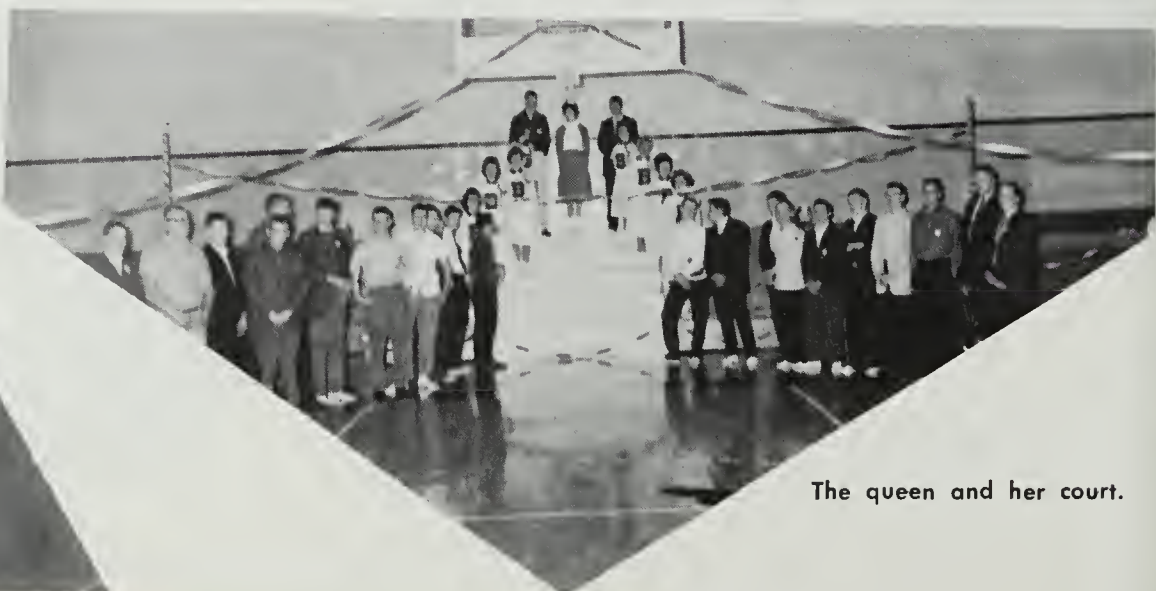

They danced to cheer the Czar.

Enemies meet — Ivan, the Cossack (Bruce Moyer) and the Czar (Nelson Showalter)

Co-captains, Steve and Fred, escort the queen, Bonnie.

The queen and her court.

American Education Week

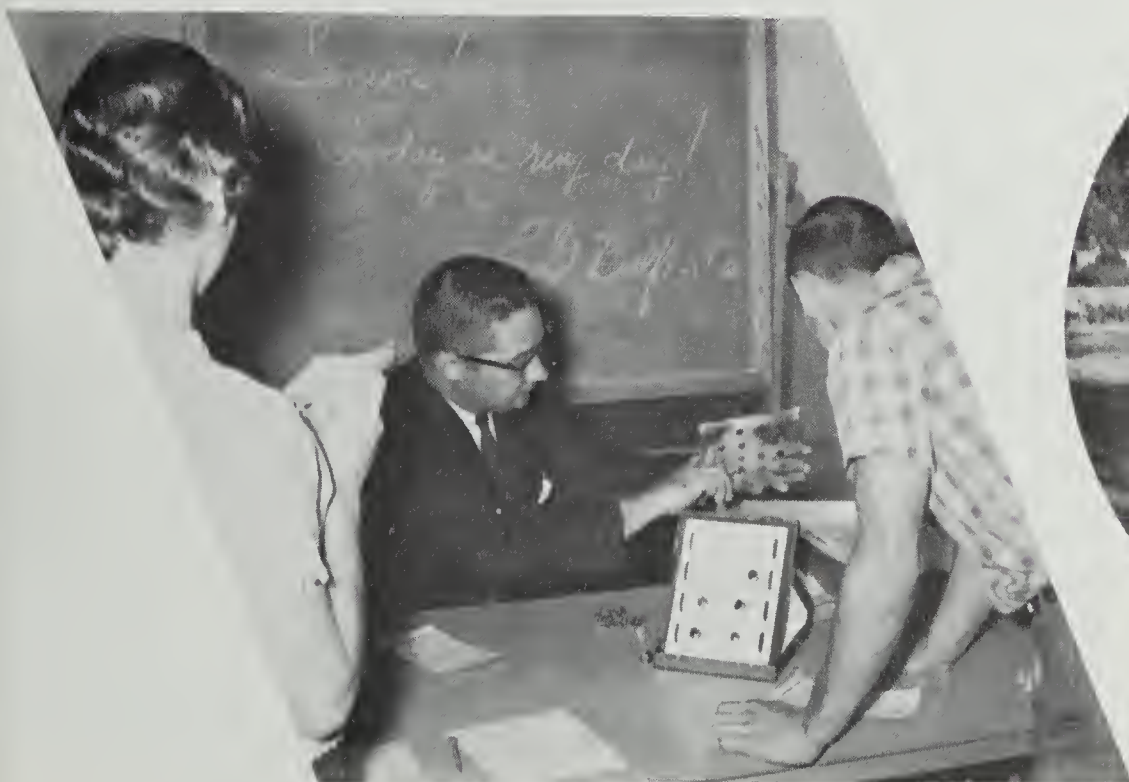

Five dollars down on THE RING.

With thankful hearts.

Decisions and more decisions—ruby or emerald, lacquered or not, large or small

Mr. Eye directs College
Night

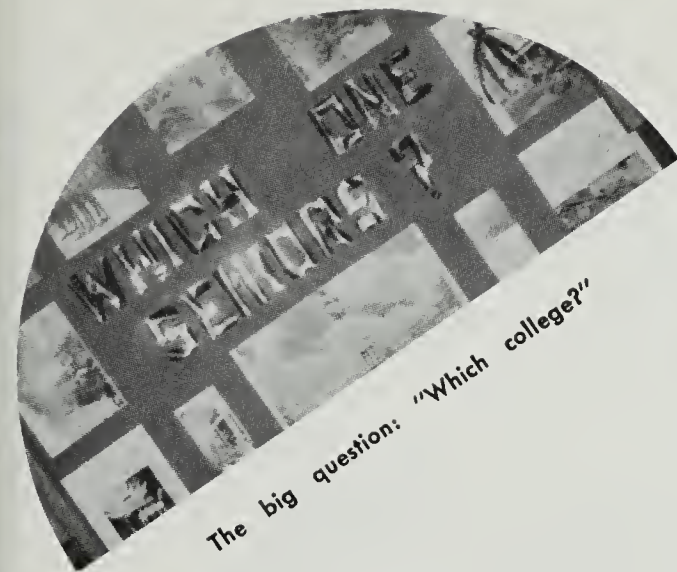

Always something new

Beat 'em, Broadway, Beat 'em!

The big question: "Which college?"

Home Economic girls hostesses to Christmas Tea.

The faculty were invited—they accepted.

And Garland baked the cake for the English class.

The band played for the Christmas program.

Hats for the party—Creative English.

Wayne-master of ceremonies—Christmas program.
